

14.01.04. Rope Bridge

	from approx. 3 years of age on
	approx. 270 x 85 x 130 cm (L, B, H)
	approx. 5,7 x 3,8 m (L, B)
	40 cm

The Rope Bridge is a bit of a challenge for kids. With fixed grip and good concentration they can be reached over the slings and train their skill and endurance. The rope bridge is an effective single device with little effort, but can also be very well used as a link between two devices.
