10.06. Maple Tree Forest Climbing Playground

Our Maple Tree playground was first built for a large sports park and combines climbing and slide elements; with original climbing constructions such as a big spider's web, the focus here is on getting kids moving in a variety of ways. Some posts are topped by the park's squirrel mascot "Ahörnchen", thus making specific reference to the sports park setting. Characters like these can of course be individually adapted to any theme at the location of your own playground.
