	possible fall area of 150 cm
	approx. 55 cm

The sandpit is a place, where the very young get to know each other and make friends. Sand brings them together inspiring them to join forces to “bake cakes” and build sand castles. The kids are encouraged to interact with each other and to train their social skills. Our sandpits are creatively designed with original shapes and fine details and figures. The logs used to border the play areas also serve as seating.
